# **EMERSON DANCE CLUB**

Tonight marks the *first performance ever* for Emerson's Dance Club, which is part of the after-school Teen Leisure Club (TLC) offerings. Comprised of 10 students from grades 6-8 who have a love and a passion for dance, the group practices weekly after school, according to club sponsor, teacher Helene Zukas. All genres of dance and music are included in the club, which she notes is a safe and inclusive space for students to come together to share a love for dance.

# MIDDLE SCHOOL INTERSCHOLASTIC SPORTS - BOYS BASKETBALL

Following the introduction of Cross Country and Girls Basketball teams in December, D64 is continuing its new practice of inviting our middle school student-athletes to be presented to the D64 Board for recognition. D64's interscholastic sports program is designed to allow young athletes to competitively meet students from other schools. Competitive tryouts are held for team selection in basketball and volleyball; any student can participate in the cross country or wrestling teams. Practices, games, and meets are scheduled with other area schools.

Tonight, D64 will recognize the Boys Basketball teams. D64 fields boys teams in both grades 7 and 8. Here are the highlights from our middle school coaches.

# **Emerson Middle School 2018-19 Season Review - Boys Basketball**

### • 7th Grade

First off - The Eagles would like to congratulate Lincoln on earning this year's Mid-Central Suburban League (MCSL) Championship. The Lions should be very proud of the way they represented their school!

Coach Aaron Schauer reports that this year's Emerson 7th grade team was comprised of 15 individuals who proved to be extremely hard-working, dedicated, and responsible young men. Their efforts and sacrifices helped them achieve a second place finish in the Mid-Central Suburban League standings with a 12-2 league record. Coach Schauer notes that this year's team showed measured improvement throughout the season, both individually and as a group, and that they look forward to continuing improving as 8th graders next season.

# • 8th Grade

Coach Doug Florence reports that the 8th grade team finished the season with a 13-2 record and a second place finish in the MCSL Conference. During their two years at Emerson, they beat every school they faced and finished with a 29-8 record. Coach Florence notes that this year's team is one of the favorite teams he has coached and that they worked hard, played together, never backed down from a challenge, and had a lot of fun along the way. He looks forward to

seeing what they can accomplish on the court in high school!

# Lincoln Middle School 2018-19 Season Review - Boys Basketball

# • 7th Grade

Coaches Mark Pancini and Peter Pierucci report that the 7th grade team had a fabulous season! The team went 17-1 and was undefeated in conference play. The coaches note that hard work and unselfish play were displayed throughout the season as all players contributed in some way and that they could not be prouder of the boys and look forward to working with them next year.

# • 8th Grade

Coach Neil Stanoev reports that the team had a fantastic season, with a record of 17 wins and 4 losses. The highlight of the season was winning the 32-team Loyola Academy Tournament in December. He notes that it has been a pleasure coaching this team the past two seasons and that they are a wonderful group of kids.

# WASHINGTON SCHOOL - ILLINOIS SENATE CERTIFICATE OF RECOGNITION

In celebration of Washington School's designation as a 2018 National Blue Ribbon School, Illinois State Senator Laura Murphy visited Washington to present an official *Illinois State Senate Certificate of Recognition*. Principal Stephanie Daly will be at tonight's meeting to display the award. Sen. Murphy reported that Washington School was the only public school in her district to be named as a winner in the 2018 program. (*PHOTO (L/R): Dr. Heinz, Mrs. Daly, Sen. Murphy*)

# NATIONAL BOARD CERTIFICATION

Tonight, D64 is thrilled to congratulate **Caroline Schaab**, **Field School**, who recently achieved the prestigious recognition of National Board Certification. National Board Certification is the "gold standard" for professional educators. This voluntary certification process is extremely rigorous, as teachers must demonstrate distinguished practice in content knowledge, differentiation of instruction, use of data and assessments, reflection, and continuous learning.

Mrs. Schaab joins other D64 staff holding this certification, including Michael O'Malley, Field School; Natalie Schuetz, Franklin School; Lindsey Harrington, Emerson Middle School; Meghan Keefer, K-5 ELA Curriculum Specialist; Tracie Thomas, K-5 Math Curriculum Specialist; Kat Walsh, Franklin School; and Katie Weis, Washington School. Teachers with National Board Certification provide an inspiring example to their colleagues in the teaching profession. We thank them for their dedication and perseverance in going above and beyond to obtain this advanced recognition. We look forward to having the Board recognize and congratulate Mrs. Schaab, knowing that you will share our pride in our growing pool of teachers with this certification.

# Superintendent Search Update

Superintendent Dr. Laurie Heinz and Assistant Superintendent for Human Resources Dr. Joel Martin will give a brief update on the search progress thus far.

Subject: Approval of Summer Construction Bids: 2019 Mechanical Equipment Replacement at

Lincoln Middle School and 2019 Plumbing Piping Replacement at Carpenter

Elementary School

As authorized at the July 9, 2018 Board of Education meeting and updated at the September 24, 2018 Board of Education meeting, administration and Studio GC architects prepared construction documents and sought bids for:

• 2019 Mechanical Equipment Replacement at Lincoln Middle School

• 2019 Plumbing Piping Replacement at Carpenter School

District 64 is very pleased by the high level of interest in bidding our work, with multiple contractors participating on each of these projects. We believe this is a result of being out to bid early so that contractors can line up their schedules well in advance for the coming construction season.

# 2019 Mechanical Equipment Replacement at Lincoln Middle School

The Bid opening for the replacement of the Heating Ventilating and Air Conditioning Equipment (HVAC) for the Lincoln Learning Resource Center (LRC) and the Lincoln Cafeteria were received at 9:30 a.m. on Friday, January 25, 2019. The District received bids from five contractors. The lowest responsible bid was from Oak Brook Mechanical Inc. in the amount of \$397,700. This bid includes:

- Mechanical Unit Replacement in Lincoln Middle School LRC and Cafeteria (\$344,900)
- Alternate 1: Ceilings fans in gymnasiums (\$35,000)
- Alternate 2: HLS b new exhaust fans in Lincoln Garages (\$17,800)
- Alternates 3 and 4: These are related to the control system, neither has a cost associated with it. We have not made a decision on which one to use as of yet.

Studio GC met with Oak Brook Mechanical Inc. to review the scope of the project and has recommended to administration that the bid be awarded to Oak Brook Mechanical Inc. (Attachment 1). The lowest bid was not responsive due to the contractor asking to withdraw his bid since he left material items out of his bid.

The initial estimate for the mechanical portion of the project and the exhaust systems in the garages was \$317,507. The bid to be awarded represents a difference of \$80,193. Related to this work, the District will incur architectural (7.5%) and construction management (2.0%) fees of \$37,782 for this project.

# 2019 Plumbing Piping Replacement at Carpenter Elementary School

Bids for Plumbing Piping Replacement at Carpenter Elementary School were received at 8:30 a.m. on Tuesday, January 22, 2019. The District received bids from three contractors. The lowest responsible base bid was from Cryer Olsen Mechanical in the amount of \$344,000. Studio GC met with Cryer Olsen Mechanical to review the scope of the project and has recommended to administration that the bid be awarded to Cryer Olsen Mechanical (Attachment 2).

The initial estimate from Studio GC for the project was \$408,830. The bid to be awarded represents a difference of \$64,830 from the original estimate. Related to this work, the District will incur architectural (7.5%) and construction management (2.0%) fees of \$32,680 for this project.

Lincoln Middle School Project No. 18119

### Dear Luann:

Bids for the above referenced project were received at 9:00 a.m. on Friday, January 25, 2019. There were eight (8) bidders of record; five (5) bids were received. A bid tabulation sheet is herein attached for your review.

We have analyzed the bids and the qualifications of the bidders and recommend that the contract for the 2019 Mechanical Equipment Replacement at Lincoln Middle School be awarded to the lowest responsible, responsive bidder, **Oak Brook Mechanical**, in the amount of their base bid proposal of \$344,900.00 plus Alternate Nos. 1, 2, and 4 for a total Contract Amount of \$397,700.00. # **Next Steps**

At this time, administration is presenting this tentative draft calendar for discussion and planning purposes. District 64 typically provides both an adopted calendar for the immediately upcoming school year and a tentative calendar for the following year to aid our schools, staff and families in their planning.

It would be our expectation that following Board review, a draft calendar for 2020-21 would be presented for Board adoption at the February 25, 2019 regular meeting.

Potential Records Day March 8, 2021 Potential Records Day June 8, 2021 To: Board of Education

Dr. Laurie Heinz, Superintendent

From: Dr. Lea Anne Frost, Director of Student Services

Date: February 4, 2019

Re: Special Education Update December to January

The Student Services Department is continuing to progress on the identified four key target areas that align to both the external audit and internal review.

# Activities between December 10, 2018 to January 28, 2019

The sections below describe the activities that have occurred within the Department of Student Services following the Board's regular December meeting through January 28, 2019 in support of the multi-year improvement effort that aligns with the D64 *2020 Vision* Strategic Plan.

# **Staffing**

The projections process for FY20 has begun. The Student Services department is working closely with the Principals, the Assistant Superintendent of Human Resources and the Chief Business School Official to develop an appropriate level of staff within all disciplines. Staffing data from this year is being used as well as reports from Embrace, staff schedules, and the staffing needs assessment to ensure building needs are met.

# **Ongoing Professional Development Needs**

During this past month the following professional development activities occurred:

- As the Crisis Prevention Institute (CPI) updated their training, we ensured all present District trainers had received updated training prior to offering workshops to District staff. Crisis Prevention Intervention training has been regularly occurring since December. For next year, we hope to increase the District number of CPI trainers.
- On December 19, the District's attorneys made a presentation on SB100 to all D64 administrators
- D64 hosted an Illinois Alliance of Administrators for Special Education (IAASE) training on January 22 with the topic of *IDEA Grants and SPED Funding*, which Dr. Frost attended.
- Certified staff participated in half-day *Facilitated IEP* training on January 23 or 24. All certified special education staff have been trained in this process. Parents were offered this training the early evening of January 23 or 24 in which 71 registrations were received; 31 parents attended. The planning for the roll-out of this process will be brought to the PT3 group at its next meeting.
- D64 speech and language therapists and psychologists received training on January 16 on

- NPI and IMPACT authorization, which is a new requirement needed for Medicaid billing and reimbursement beginning July 1, 2019.
- Ms. Alice Belgrade will be returning to D64 to present a parent workshop on March 5 from 5-8 p.m. at Jefferson School on strategies for toilet training children.

# Consistency

The Student Services department is continuing to address the development of comprehensive procedures:

- The Student Suicide and Threat Assessment procedures have been finalized and shared with all administrators. These are being used by our social workers, psychologists, and administrators.
- Assistant Principals, Psychologists, Physical Therapists and Special Education Coordinators are continuing to develop a procedural manual for 504 eligibility and services.
- Memorialization of the transition process from Early Childhood to Kindergarten and 5th to 6th grade is occurring. We are working with our attorneys and Maine Township High School D207 in developing legal procedures for students transitioning from 8th grade to high school. Transitions from outplacements back to District are determined on an individual basis and are discussed through the IEP process.
- The D64 School Records processes are being discussed and reviewed.
- All Student Services staff are engaged in a whole District curriculum mapping activity that defines special education curriculum programs, tools, materials, and assessment essential to reading, math, and social-emotional learning.
- All D64 administrators and psychologists have started engaging in conversations related to the District's Multi-Tiered System of Support process.
- The Assistant Superintendent for Student Learning and the Director and Assistant Director for Student Services continue to be engaged in planning for Extended School Year (ESY) programming for summer 2019.
- Various policies, procedures and exhibits that relate to the Student Services department are being updated via the PRESS subscription.
- Articles and web resources are being provided to Student Services staff via email and our bi-weekly newsletter on various aspects of their roles (curriculum, strategies, IEP development, goal writing, etc.)

To date, D64 has finalized the following items that enhance the key target of consistency:

- The utilization of 6:120 AP2 (Access to Classroom and Personnel).
- An IEP Verification form to ensure all general education staff and teacher assistants who have contact with students with IEPs are aware of the student's needs, accommodations, and modifications

- A referral process for the services of the Board Certified Behavior Analyst (BCBA).
- Procedures for determining homelessness and the updating of the website for appropriate and meaningful materials to families.
- Accommodations Checklist added to the Embrace 504 system.
- Appropriate and acceptable modifications and accommodations that are being used in formative and common assessments.
- The finalization of private evaluations to D64 and Home/Hospital Procedures.
- As a means to foster communication, the Student Services staff portal contains finalized procedures and materials from trainings.
- As a follow up to the showing of the documentary film, *Angst*, the Student Services department added a new webpage, called <u>Health & Wellness Resources</u>. This webpage now offers a wide variety of community resources in Park Ridge and Niles that are available to all families who may be experiencing mental health or other concerns for their students or family members. The webpage was shared with all the school websites as well, making it a consistent, ongoing resource throughout D64. It was also featured in the eNews newsletter.

### Other activities have included:

- Reviews of: individual student evacuation plans and walk-throughs of those buildings to
  ensure appropriate accessibility; the domain meeting procedures to ensure parent input;
  the legal use of special education staff for the Multi Tier System of Supports (MTSS);
  and student records locations and items housed within the various files.
- Conversion of use to the documents supplied by Embrace, our IEP system, including the use of eligibility determination and FBA/BIP documents and updating the system with each parent/guardian's residence.
- Creation of a new newsletter -- "Snapshots from Student Services" -- is being shared bi-weekly with all department staff and D64 administrators. This is increasing communication among the special education staff and administration on a District-wide basis.

## **Message of Inclusion**

Various activities are being addressed to continue and support the "Message of Inclusion":

- The Special Education Board Committee met on December 19 and will schedule another meeting in March.
- The Parents and Teachers Talking Together (PT3) group met on December 11. This group is developing their purpose. Additionally, the subcommittees began establishing goals and objectives. As our meeting was canceled on January 29, we are investigating if we can schedule another meeting time before our February 26 meeting.
- Last month we shared that Jessica Kwasny and Lynn Condon received a grant from the

Illinois Alliance of Administrators of Special Education (IAASE) to purchase adapted music equipment so that students with disabilities can be more meaningfully engaged in music instruction. Subsequent to that event, it was revealed that the music teachers had the need for additional equipment that could not be funded by this grant. We were able to allocate the funding of the additional equipment by using a small portion from the budget increase the department received in the fall.

• On January 15, the D64 PTO/A Presidents participated in a presentation and discussion regarding establishing an "All Abilities" subcommittee at each school. Upon representation being established, this group will work to coordinate efforts with PT3 and the Director of Student Services.

Re: Adoption of Resolution #1219 Directs the Chief School Business Official Under the

Direct Supervision of the Superintendent to Begin Preparation of the Tentative Budget

for 2019-20 Fiscal Year

Every January, administration requests authority to begin preparation of the next fiscal year's budget. The budget project takes many months and input from a wide range of individuals both internally as well as outside the District with vendors that the District contracts with for the following fiscal year. Some examples include curriculum adoptions, transportation, food service, etc.

Inside District 64, the business office works with curriculum specialists, department heads, principals and central office administrators to develop a budget that addresses the education of our students and advances the areas of focus within the *2020 Vision* Strategic Plan while maintaining a fiscally conservative budget.

# ACTION ITEM 19-02-3

I move that the Board of Education of Community Consolidated School District 64, Park Ridge – Niles, Illinois, adopt Resolution #1219, directing the Chief School Business Official Under the Direct Supervision of the Superintendent to Begin Preparation of a Tentative Budget for the 2019-20 Fiscal Year in Accordance with Board Policy 4:10 *Fiscal and Business Management* and the *Illinois School Code* 105 ILCS 5/17-1.

Subject: Interim Update of Long-Range Financial Projections

As part of our annual financial cycle, once the Board has adopted the current year tax levy in December and the CPI-U for the next tax levy is released in mid-January, administration brings to the Board updated long-term financial projections which include a first pass at potential additional staff that the District will need for the following school year. (Attachment 1) Administration is bringing this version to the Board to provide an update on the the CPI-U and to share with the Board the effect on the projections if summer 2019 construction is paid for out of the fund balance.

# **Key Updates**

In terms of revenue, the 2018 CPI-U is 1.9%, dropping slightly from 2.1% CPI-U in 2017. The 2018 CPI-U directly impacts funding during the 2019-20 and 2020-21 fiscal years.

On the expense side, all labor contracts have been incorporated into the salary and benefit projections. The three years beyond the current three labor contracts [Park Ridge Education Association (PREA), Park Ridge Teacher's Assistant Association (PRTAA), and the Support Staff Council (SSC)] and any employees not covered by a collective bargaining agreement (CBA) have raises set at an average of 3.0%. The 3.0% used mirrors the average increases that the labor contracts will all see in the 2019-20 raises, which all have a CPI-U component built into them.

In terms of 2019-20 staffing needs, administration will be presenting this information at the February 25, 2019 Board of Education meeting. Updated Financial Projections will be included as well to account for any increases in staffing recommended for 2019-20.

Summer 2019 construction costs -- a total of \$11 million -- have been added to the Working Cash and Operations & Maintenance budget, based on the Board's desire as expressed at the December 10, 2018 meeting to see the impact on fund balance if Working Cash Fund bonds are not issued as part of the Financial Framework.

Looking ahead, administration is working with architects Studio GC to determine the Health Life Safety (HLS) and critical infrastructure projects for summer 2020. As soon as a defined list is developed, administration will report to the Board proposed projects for summer 2020 for its consideration. The cost of summer 2020 construction will also be put into the Working Cash and Operations & Maintenance budgets in the Financial Projections for that meeting. Much of the summer 2020 HLS work will be at the Jefferson Early Childhood Center. Beyond the items

identified in the HLS report, this building will require extensive work including a new roof and new Heating Ventilating and Cooling (HVAC) system to replace the original boiler system and to add air conditioning to this facility. This will be the beginning of time-sensitive Board conversations regarding the future of Jefferson, since the Board will not want to complete HLS projects at Jefferson just to return in a short period to make further changes based on programming that would potentially result in wasted HLS dollars.

# **Other Assumptions**

Prior to the 2020-21 fiscal year, the Board will have renegotiated the three labor contracts that are set to expire at the end of the 2019-20 school/fiscal year. In addition, the administration has budgeted future tax levies using a CPI-U of 2.0%; new construction has been estimated at \$8.9M for future years. Increases in the Equalized Assessed Valuation (EAV) of the District have also been set at 2.0% for future years. In addition, the District takes a conservative approach in our forecasting by including a possible pension cost shift from the State of Illinois; we continue to include a shift of 0.5% of certified salaries the first year, increasing 0.5% annually.

# **Interim Projections Summary**

The 2018-19 Adopted Budget projects \$832K in surplus with an Operating Fund balance of 66.19% and 242 days of cash on hand. Including the key updates listed above, additional assumptions and summer 2019 constructions costs, the Operating Fund balance would still exceed Board policy (120 days or 33.3%). Again, please note that these interim projections <u>do not</u> include summer 2020 construction estimates and additional staffing for the 2019-20 school year.

While the interim projections are favorable, the District must remain vigilant in controlling costs and "living within our means" so that the Board can continue to push off a rate increase referendum even further into the future

Subject: Financial Update for the Period Ending December 31, 2018

Attached for your review are the following reports as of December 31, 2018:

- Fund Balance Report
- Revenue Summary Report
- Expenditure Summary Report
- Other Financing Sources/Uses Summary Report

Fund balance in the Operating Funds decreased \$4.8 million in December to \$52.9 million. The graph below shows a comparison of monthly fund balances over the last two years. The spikes in fund balance during February/March and July/August represent the District's property tax collections, which make up approximately 85% of the District's total annual revenues. It's very important for school districts to maintain fund balance reserves that are sufficient to cover operations in between those months, particularly during the fall/winter when revenues are typically scarce.

The most recent 12-month period followed a similar trend as the preceding year. Some notable exceptions are:

- January The District's fund balance typically decreases each year in January. However, the fund balance in January 2018 (blue line) increased because of a timing variance involving the District's tax revenues. When the new federal tax law was approved, homeowners were encouraged to prepay their 2018 spring property taxes in calendar year 2017. As a result, the District received \$7.9 million (23%) of its spring tax revenue installment in January, which is 1-2 months earlier than normal. Fund balance at the end of January 2018 was \$7.1 million higher than at the end of January 2017.
- February Fund balance in February 2017 (red line) remained flat instead of increasing because the Board approved a resolution to transfer \$4.5 million of fund balance out of the Operating Funds to fund capital projects.
- May and June The two fund balance lines decreased at varying angles because the District's biweekly payroll schedule produced a different number of payrolls in each month. Looking at the two months combined, fund balance in 2018 (blue line) decreased by \$1.2 million more than in 2017 (red line). This is due to the District transferring \$786,000 out of the Operating Funds in May 2018 to make its first yearly payment on the debt certificates. There was also a \$400,000 decline in registration fee revenue in 2018 because the District offered parents the option to defer payment on student fees until September for the first time this year.

From a macro-level perspective, the District continues to have a strong financial position at the close of the second quarter of the fiscal year. Fund balance is expected to continue declining over the next month of operations when revenues are less substantial. The final 2018-19 budget and five-year financial projections outline a substantial number of facility improvement projects and curriculum renewals/adoptions planned for this year and the following year. Throughout this long-term planning and forecasting, the District continues to maintain the goal of operating within its means.

## **Revenue Summary - December**

Total revenue for the District was 45% of budgeted revenues as of December 31. This is slightly behind last year's budget pace (48%) because of the variability of State revenue streams. Last year's revenue was inflated because the State was catching up on its delinquent categorical payments.

Revenues in December consisted primarily of local revenues. The District collected \$87,487 of prior year taxes. The District also received both 2018 TIF payments from the City of Park Ridge. TIF revenue totaled \$525,916, which was less than the budgeted amount of \$560,000 due to fewer students residing within the TIF area. The payment related to the value of property within the TIF is recorded in the Education Fund, and the payment for the number of students residing in the TIF is recorded in the Operations and Maintenance Fund. Lastly, interest earnings on District investments continue to exceed expectations. The District's total interest revenue is 69% of budgeted revenue at the midpoint of the fiscal year.

State and federal revenue was very limited in December. The District received the standard two installments of Evidence Based Funding from the State totaling almost \$306,000.

## **Expenditure Summary - December**

After completing half of the fiscal year, the District has expended 49% of its overall budget which is slightly ahead of last year's pace (46%) but still in line with the amount of time elapsed for the fiscal year.

Table 1 below shows the year-to-date percentage of the payroll budget (salaries and benefits) that has been spent after each month as compared to last year. Total payroll expenditures are trending as projected in the budget with no major anomalies.

Table 2 displays the cumulative percentage of the accounts payable budget (purchased services, supplies, equipment, etc.) that has been spent after each month versus last year.

Table 2: Accounts Payable Expenditures

|           | YTD Percent of Budget Spent |     |  |  |  |

| Month     | 2018-19 2017-18             |     |  |  |  |
| December  | 67%                         | 59% |  |  |  |
| November  | 61%                         | 54% |  |  |  |
| October   | 49%                         | 41% |  |  |  |
| September | 34%                         | 32% |  |  |  |
| August    | 26%                         | 25% |  |  |  |
| July      | 15%                         | 14% |  |  |  |

Accounts payable spending is running ahead of last year's budget pace due to capital improvement spending. The District has spent nearly \$7.5 million from its Capital Projects funds to date as compared to \$3.8 million at this point last year. Since a majority of the work occurs in the summer, a larger percentage of the accounts payable budget is expended in the first half of the fiscal year. Therefore, the larger Capital Projects budget and the front loaded spending for this particular budget results in an accelerated pace for overall spending.

Also, the District has spent a larger portion of its 0&M budget to date this year as compared to last year because of ongoing expenses for facility maintenance. This year's projects include expenses for: Jefferson LRC modifications (\$83,000), the installation of playground equipment at Washington School (\$86,000), a new district-wide radio communication system (\$137,000), parking lot sealcoating (\$43,000), energy efficiency improvements (\$68,000), and painting (\$45,000).

## Other Financing Sources/Uses Summary - December

Other Financing Sources/Uses consist primarily of transfers made between funds. All interfund transfers require Board approval. There has been no activity in the other financing sources/uses accounts so far this year.

#### ADMINISTRATION OF THE OATH OF OFFICE FOR APPOINTED BOARD MEMBER

Board President Borrelli administered the oath of office to newly appointed member Johnson, as set forth in Board Policy 2:80 *Board Member Oath and Conduct*. Board members and all present then congratulated and welcomed Mr. Johnson on rejoining the Board.

ADOPTION OF FINAL 2018 TAX LEVY RESOLUTION #1213, RESOLUTION #1214 TO INSTRUCT THE COUNTY CLERK HOW TO APPORTION 2018 TAX LEVY EXTENSION REDUCTIONS, RESOLUTION #1215 AUTHORIZING TAX FOR ILLINOIS MUNICIPAL RETIREMENT PURPOSES AND RESOLUTION #1216 ABATING LOSS IN COLLECTION FACTOR IN THE DEBT SERVICE FUND

CSBO Kolstad reported that the Board at the October 22, 2018 meeting had reviewed the tax levy process and had adopted a tentative tax levy for the coming year. She noted the Board had conducted a public hearing on the tax levy on November 12, with no comments from the public being received. She noted that the Board had also adopted Policy 4:25 *Loss and Cost* as it relates to the Debt Service Fund at that time as well. CSBO Kolstad recommended that the Board now approve the 2018 tax levy, which is an estimate as the final levy will not be known until the summer of 2019. She confirmed that the levy is subject to the Property Tax Extension Limitation Law (PTELL) and as such, the District will only receive the funds it is legally entitled to receive under the law. CSBO Kolstad reviewed the various resolutions required to be adopted and filed with the Cook County Clerk. She then responded to final Board member questions, noting that the debt service levy is calculated at the time that any new bonds would be issued.

#### ACTION ITEM 18-12-2

It was moved by Board member Sanchez and seconded by Board member Eggemann that the Board of Education of Community Consolidated School District 64, Park Ridge-Niles, Illinois, adopt the attached Resolution #1213 Providing for a Levy of Taxes For the Year 2018, Resolution #1214 Instruct the County Clerk How to Apportion 2018 Tax Levy Extension Reductions, Resolution #1215 Authorizing Tax For Illinois Municipal Retirement Purposes, and Resolution #1216 Abating Loss in Collection Factor in the Debt Service Fund. These resolutions and supporting documentation will be filed with the Cook County Clerk's Office.

RESOLUTION #1217 PROVIDING FOR THE ISSUE OF NOT TO EXCEED \$9,900,000 GENERAL OBLIGATION LIMITED TAX SCHOOL BONDS OF COMMUNITY CONSOLIDATED SCHOOL DISTRICT NUMBER 64, COOK COUNTY, ILLINOIS FOR THE PURPOSE OF INCREASING THE WORKING CASH FUND OF THE DISTRICT, PROVIDING FOR THE LEVY OF A DIRECT ANNUAL TAX TO PAY THE PRINCIPAL AND INTEREST ON SAID BONDS, AND AUTHORIZING THE EXECUTION OF A BOND PURCHASE AGREEMENT WITH RAYMOND JAMES & ASSOCIATES, INC.

CSBO Kolstad was joined by the Kyle Harding, partner with the District's bond counsel Chapman and Cutler and a member of the firm's Illinois Public Finance Department. She noted that Mr. Harding had prepared all the resolutions before the Board for approval related to the issuance of \$9.9 million to fund 2019 summer construction projects, of the total \$20.75 million in working cash fund bonds available for issuance by the Board. CSBO Kolstad reviewed the financing framework put in place in spring 2017 to fund five years of facilities work to complete 100% of Health Life Safety (HLS) category B projects (required); 100% of critical infrastructure category 2 projects; critical infrastructure category 3; and additional priority capital projects as identified by the HLS Survey and the District's Master Facilities Plan (MFP). She summarized the steps previously taken within the framework, including: investing the savings from the completed Collective Bargaining Agreements with teachers and teaching assistants; utilizing \$10 million from working cash from the District's fund balance; and issuing \$9.25 million in debt certificates paid within the District's operating fund levy. They noted that tonight's authorization would issue only a portion of the bonds available to the Board, and that the Board would still have authorization to issue the remaining \$10.85 million in early 2020 for summer 2020 construction.

CSBO Kolstad, legal counsel Harding, Dr. Heinz and Board members then discussed various aspects of the proposal, including: the proposed bond repayment schedule; the District's current fund balance, the Board's fund balance policy, and the potential impact of utilizing further cash reserves for summer 2019 projects in lieu of issuing the bonds; the current interest rate environment; the impact of the bonds on taxpayers through the debt service levy; the elements of the financial framework available to the Board to 2020; the remaining components of the facilities plan to be accomplished; the increased costs of issuing smaller amounts of bonds; and ability to capture architectural costs already invested in projects planned to be funded through the bonds. Following this discussion, the consensus of the Board was to table action on this item. CSBO Kolstad will provide an update on the District's long range financial projections with bond funding of summer 2019 projects removed for the Board's review, and will update the remaining projects on the MFP list at a future meeting.

APPROVAL TO CEASE PLANNING/IMPLEMENTATION OF MIDDLE SCHOOL SCHOOL RESOURCE OFFICER (SRO) PROGRAM

4

Board President Borrelli noted that at the November 12 meeting, the Board had reached consensus to take formal action tonight to end work on establishing a pilot program of utilizing SROs at Emerson and Lincoln middle schools for 8-10 hours weekly.

There being no further Board member comments, Board President Borrelli invited public comments, which were received from Ginger Pennington, D64 parent; Joan Sandrik, D64 resident; and Andrea Kline, all urging the Board to cease work on the SRO proposal. Board members and Dr. Heinz discussed the possibility of creating a Board Safety Committee in the future.

#### **ACTION ITEM 18-12-4**

It was moved by Board member Sanchez and seconded by Board member Biagi that the Board of Education of Community Consolidated School District 64, Park Ridge-Niles, Illinois, direct administration to discontinue work to plan/implement an SRO pilot program at the District 64 middle schools and to dissolve the SRO Board Committee as a committee of the Board of Education.

The votes were cast as follows:

#### APPROVAL OF 2019 SUMMER CONSTRUCTION BID AWARDS

CSBO Kolstad was joined by Facility Management Director DeGeorge and Rick Petricek of Studio GC architects in presenting the recommendation of the bid awards for summer 2019 projects. She noted that the Board had authorized at the July 9, 2018 meeting and updated at the September 10, 2018 meeting the preparation of construction documents and seeking bids for: completion of HLS projects and main office/secure vestibule installation at Carpenter School; completion of HLS projects and classroom and main office relocation with secure vestibule installation at Franklin School; and replacement of Carpenter and Franklin flooring in the areas affected by construction and the corridors. She noted that the District is asking for approval of about \$2.6 million in projects, which represents a savings of over \$420,000 from the original projections, and noted that the work had a high level of interest with 10-11 contractors participating on each of the two major projects. The team reviewed the bids received. CSBO Kolstad also provided a prevailing wage cost update from Studio GC architects.

During the ensuing Board member discussion, members of the team along with Dr. Heinz and legal counsel Pipal responded to Board member discussion about: the prevailing wage impact; and the proposed carpet replacement and related asbestos abatement work for these projects; and more broadly, potentially for a District-wide program of flooring replacement.

#### **ACTION ITEM 18-12-5**

It was moved by Board member Biagi and seconded by Board member Eggemann that the Board of Education of Community Consolidated School District 64, Park Ridge – Niles, Illinois, approve the Completion of Health Life Safety (HLS) projects, Main Office Renovation with Secure Vestibule installation at Carpenter School to Construction Solutions Illinois (CSI) in the amount of \$792,723.

This includes an alternative to finish the replacement of classroom floors at Carpenter School in the amount of \$97,750.

Board President Borrelli invited public comments on the motion; Carpenter Principal Brett Balduf asked and received clarification from Studio GC on the scope of the summer 2019 work there. Board members, the team and Dr. Heinz then returned to the discussion of flooring replacement across the District. Architect Petricek noted that flooring replacement and parking lot renovations were among the items projected in the five-year HLS/MFP budget. He reaffirmed that the approach thus far has been to complete flooring work and related abatement when it can be tied to other work immediately being done or planned for the near future, so as to fully complete an area and not return in a short period of time to re-work it.

#### REPORT AND ACCEPTANCE OF ANNUAL AUDIT REPORT FY18

CSBO Kolstad reviewed the annual audit performed by independent, external auditors Klein Hall CPAs for the fiscal year ending June 30, 2018, including the audited financial statement and the set of Required Communication Letters, copies of which had been provided to the Board. She noted that D64 had received an unqualified audit opinion for 2017-18, which indicates the financial statements prepared by the Business Office are free of any material misstatement and fairly represent the District's financial condition. She noted that the auditors did not propose any adjustments to the District's June 30, 2018 balances. In addition, she noted that in its communication letters, the auditors had no reportable findings for a seventh consecutive year. CSBO, Dr. Heinz and Board members discussed an auditor recommendation and the District's response regarding budgeting at the function level within the Municipal Retirement/Social Security Fund.

Board members then discussed whether action was needed to formally accept the audit report. Legal counsel Pipal provided clarification that the Board from a legal perspective and from D64 Board Policy perspective must receive the audit report, but that the Board is not approving the audit. She further noted that no formal Board action on the audit whatsoever is needed, other than the Board actually receiving the audit itself, but that the Board may acknowledge that receipt by taking formal action. Board President Borrelli noted that it was the Board's past practice to pass a formal motion acknowledging the receipt.

#### **ACTION ITEM 18-12-8**

It was moved by Board member Sotos and seconded by Board member Johnson that the Board of Education of Community Consolidated School District 64, Park Ridge-Niles, Illinois, receive the annual audit report as presented for the fiscal year ending June 30, 2018.

# SPECIAL EDUCATION UPDATE NOVEMBER TO DECEMBER AND SPECIAL EDUCATION BOARD COMMITTEE UPDATE

Student Services Director Frost updated the Board on the steps undertaken since the last Board meeting on November 12, 2018 in the four key areas of staffing, professional development, consistency across the District, and creating a message of inclusion. She provided both a detailed written report and a slide

presentation. In the area of staffing, Dr. Frost requested an additional .5 FTE special education coordinator be added to assist in the support of change efforts within the District for the remainder of the school year. She pointed out that she and Assistant Director Sue Waughon have student caseloads, thereby inhibiting their ability to assist other administrators and staff with coordination and implementation. Dr. Heinz noted that Assistant Director Waughon has been dividing her time between her District-level responsibilities and serving as coordinator for Roosevelt School. Dr. Frost reported she would look to hire a retired candidate for this position who could work 120 days for D64. Board members discussed the proposal, and reached consensus to support this request for additional staffing. Dr. Frost then provided highlights of the other three areas as addressed in detail in her written report. She pointed out that the Parents and Teachers Talking Together (PT3) group has scheduled three meetings through February, and will meet next on December 11. She also reported that the Special Education Board Committee had met on November 13 and would be meeting again on December 19. She responded to Board member questions in each area of her report.

This being December, Dr. Frost then provided a year-to-date review for the first six months. She provided a written analysis that aligns the collaborative audit to findings from the internal and external audit reports from spring 2018 with the activities conducted thus far this year. She then reviewed the 11 audit findings and provided a summary of the work to address each area. She and Dr. Heinz again responded to Board member questions throughout. Wrapping up her presentation, Dr. Frost then reviewed the next steps that will be taken in the four key target areas for the second half of the school year and responded to additional Board member questions.

#### ADOPT AMENDED CALENDAR FOR 2019-20 SCHOOL YEAR

Dr. Heinz reported that the District's Calendar Committee had met again on November 27 to do a final review of the amended calendar presented originally to the Board at the November 12 meeting. She reported that the committee is now proposing to maintain the number of Institute days at three instead of adding an additional day, and that subsequently, perfect alignment with Maine Township High School District 207 can now be maintained for spring recess. She confirmed that the District will still be scheduled to begin one week later this summer to allow for a longer construction period, and reviewed the other highlights of the calendar that are unchanged from the original proposal. Dr. Heinz recommended the Board adopt the calendar for 2019-20 so that planning for the summer 2019 facilities work schedule can begin and staff and families can proceed with planning for the upcoming school year. Board members and Dr. Heinz further discussed the alignment of D64's calendar with D207.

Board President Borrelli invited public comments; none were received.

## SUMMER INTERIM SESSION 2018 REPORT AND PRESENTATION AND APPROVAL OF SUMMER INTERIM SESSION 2019

Assistant Superintendent Lopez noted that her written report included a wrap-up of the summer 2018 program before reviewing the proposal for the 2019 summer program, which seeks to provide a quality interim educational experience within a budget that is funded by the program itself. She recommended that due to the planned facilities work for 2019, the District conduct the program at Roosevelt School for students completing grades K-3 and at Emerson Middle School for students completing grades 4-7, with the start time staggered to accommodate families with children at both locations as has been done previously when the sites were split across town. She proposed that the two, 13-day sessions running from June 12 through July 19, with no school on July 4-5 be offered. Dr. Lopez recommended that the enrollment fee be reduced from \$130 to \$125 per class in alignment with the proposed budget. Dr. Lopez and Dr. Heinz responded to Board member questions about the operation and goals of the program.

Board President Borrelli invited public comments on items not on the agenda; none were received.

## Discussion Regarding How to Proceed with Filling Superintendent Vacancy

Board President Borrelli noted it was the Board's intention to expedite the early process of selecting a search firm to assist the Board through this search and to have the search conducted in a manner to maximize the opportunity for community input. Assistant Superintendent Martin led the Board through a review and discussion of the search firm process, including: the basic structure of the assistance they provide and and how they work with the Board; the building of a candidate profile, which incorporates stakeholder input by various means and presentation of the profile to the Board; the recruiting and screening of candidates; candidate interviews; and finalists. He also reviewed the typical costs associated with their services. Dr. Martin then pointed out that searches typically occur in three waves or phases each year, and that the first phase is now nearing completion. These are typically searches conducted in the fall to replace superintendents that have previously announced their retirements or other early announcements of their departures, and that culminate with the selection of a superintendent prior to the holidays or in early January. He noted that the second phase of searches which D64 is in, get underway now with the goal of selecting a superintendent in the March/April timeframe. He pointed out that a third phase of searches would be April and beyond, and may entail announcement of an interim superintendent to serve for a year while a full search is conducted.

Dr. Martin, Board members, Dr. Heinz and legal counsel Loizzi reviewed and discussed a list of questions that the Board should answer this evening in order to move forward expeditiously. He also reviewed a written report presenting the two firms most commonly used in the Chicago suburban area along with three other options, and reported on his initial contacts to gather information and determine availability of these firms to conduct a search for D64. Following further discussion, the Board reached consensus: to invite the two most active firms in this area -- BWP & Associates and School Eec Connect -- to present proposals and be interviewed in person by the Board at a special meeting on Monday, January 7, 2019 spending approximately

50-60 minutes with each firm; to select a firm that evening; and to meet with the selected firm on Monday, January 14, 2019 to begin detailed planning work on the search. The Board further agreed that both meetings would be open sessions and would be videotaped as usual. Board President Borrelli directed Board members to send any questions to Dr. Martin that the firms should be prepared to answer on January 7.

#### **Adjourn to Closed Session**

Board President Borrelli invited the Board members to discuss when to provide a formal evaluation of the superintendent. Following a brief discussion, it was moved by Board member Biagi and seconded by Board member Sotos that the Board adjourn to closed session to discuss the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act may not be closed and shall be open to the public and posted and held in accordance with this Act [5 ILCS 120/2(c)(1)].

The votes were cast as follows:

AYES: Eggemann, Biagi, Borrelli, Sotos, Ryles, Sanchez

NAYS: Johnson PRESENT: None. ABSENT: None. The motion carried.

Board member Biagi immediately rescinded his motion, and Board member Sotos rescinded his second. The Board continued in open session.

#### **Public Comments**

Board President Borrelli invited comments from the public, which were received as follows:

- Denise Pearl, D64 parent and candidate for the Board election in April, addressed the Board about the search and urged the Board to consider including candidates in some form in the search process.
- Carol Sales, also a D64 parent and Board candidate, announced she would defer her comments regarding one of the firms that had been listed but was not selected.
- Dawn Brayton, Carpenter School teacher and Park Ridge Education Association executive board member, urged the Board to include educators in the superintendent selection process.

## **Board Recesses and Adjourns to Closed Session**

At 7:50 p.m., it was moved by Board member Biagi and seconded by Board member Sotos that the Board adjourn to closed session to discuss the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act may not be closed and shall be open to the public and posted and held in accordance with this Act [5 ILCS 120/2(c)(1)].

The votes were cast as follows:

AYES: Eggemann, Biagi, Borrelli, Sotos, Ryles, Sanchez

NAYS: Johnson PRESENT: None. ABSENT: None. The motion carried.

### **Board Adjourns from Closed Session and Resumes Special Board Meeting**

## Pledge of Allegiance

Board member Ryles led the pledge.

#### **Public Comments**

Board President Borrelli invited public comments on items not on the agenda, which were received as follows:

• Gareth Kennedy, a candidate for the District 64 Board election, addressed the Board concerning the criteria to select a search firm.

## Interview Executive Search Firms for the Superintendent Search

Board President Borrelli reported that subsequent to the December 12, 2018 announcement of Dr. Heinz's resignation as Superintendent effective June 30, 2019, the Board had met on December 18, 2018 to identify two search firms it wished to interview at tonight's special meeting and had established a second meeting on January 14, 2019 to meet with the selected firm to begin work on the search process and timeline. Dr. Borrelli noted that the Board had reached consensus to interview the two firms most active in the Chicago suburban area -- BWP and Associates and School Exec Connect. Dr. Borrelli then noted several important milestones on the horizon in D64, including preparing for the start of a new school year, preparing to begin negotiations with the Park Ridge Education Association teachers union in November, and the more immediate Board transition following the April 2019 election. He asked for Board members to hold their questions until each firm had concluded its initial presentation. It was noted that the representatives of each firm would be sequestered during the presentation by the alternate firm

Dr. Mark Friedman and Dr. Steve Griesbach of BWP and Associates were the first to present their proposal to the Board. They reviewed their personal credentials in conducting searches and those of their firm, and then shared the highlights of a written proposal they had submitted. They focused on the 10 steps to be conducted in a superintendent search and how they would achieve each one in the upcoming timeframe. They reviewed the firm's track record and guarantee before enumerating their fee structure. Drs. Friedman and Griesbach then summarized why BWP should be selected to partner with the Board on the search for a successor to Dr. Heinz.

Board members then posed a series of questions to the BWP representatives concerning: how a superintendent profile is created through stakeholder input; the merits of an open vs. a confidential search; any searches just concluded or currently underway and whether they would present a conflict; whether both sitting and aspiring superintendents should be considered; their outreach efforts and geographic reach; their views of the challenges noted earlier that will face a new superintendent in D64 and timing of the search and selection; and how and why interim superintendent placements are made. Following this interview, Board President Borrelli thanked the BWP team who then left the meeting room.

He then welcomed Dr. Harry Rossi, Dr. Diane Rossi, and Dr. Gary Zabilka from SchoolExec Connect. They reviewed their personal credentials in conducting searches and those of their firm, and then shared the highlights of a written proposal they had submitted, focusing on the multiple phases of a search plan and a flowchart of the tasks associated with each phase beginning with a planning meeting to set the schedule. They indicated where the Board would need to commit time for rounds of interviews with candidates, and that the timing of the overall search would be dependent on the Board's availability to complete this work. They also highlighted the key areas for stakeholder involvement. Dr. Rossi and Dr. Zabilka reviewed the fee structure and other costs for advertising based on the Board's selections at a planning meeting. They also reviewed their recruiting and screening process of candidates to bring a slate to the Board, again referring to the flowchart to show how the steps are interwoven.

Board members then posed a similar series of questions to the School Exec Connect representatives as had been posed to the BWP representatives. Following this discussion, Board President Borrelli thanked the representatives. At 7:50 p.m., he called for a short break; the meeting resumed about five minutes later.

#### **Public Comments**

Board President Borrelli invited further public comments, which were received as follows:

- Miki Tesija, D64 parent, addressed the Board regarding opportunities for stakeholder input.
- Kristin Olson, Park Ridge resident, addressed the Board regarding seeking references
  from other districts. Board President Borrelli noted that Dr. Martin had already reached
  out to other districts prior to recommending the initial group of search firms presented for
  the Board's consideration at the December 18 meeting.

#### Approval of Selected Executive Search Firm for the Superintendent Search

Board President Borrelli then led the Board through a discussion of both firms, with Dr. Heinz and Dr. Martin adding clarifying information in response to their questions. Among the areas discussed were the differences and similarities between the two firms regarding: plans for outreach and recruiting of potential candidates both sitting superintendents and those aspiring to advance into the post from the assistant superintendent level; the proposed timeline for the search; relevant recent searches conducted for similar districts; and their understanding of current needs of D64. Mr. Martin also reported he had arranged for a meeting with the District's legal counsel for tomorrow to review the proposed contract with the Board's selected firm, and would reach out for a final reference call to school districts in Wilmette for School Exec Connect or Vernon Hills for BWP based on the Board's selection.

#### **ACTION ITEM 01-01-19**

It was moved by Board member Sanchez and seconded by Board member Biagi that the Board of Education of Community Consolidated School District 64, Park Ridge-Niles, Illinois, approve the selection of School Exec Connect search firm to conduct the superintendent search.

# Executive Search Firm Presentation to the Board on Options for the Superintendent Search

Board President Borrelli reported that the contract from School Exec Connect had been prepared and copies given to the Board; the contract will appear on the January 28 regular Board meeting for final approval. He then welcomed Dr. Harry Rossi and Dr. Gary Zabilka from School Exec Connect, who were selected following a competitive interview process at the January 7, 2019 special Board meeting. Drs. Rossi and Zabilka thanked the Board for the opportunity to serve the Board and D64, and reaffirmed their utmost efforts to recruit an outstanding pool of candidates for the Board to fill the position of Superintendent beginning on July 1, 2019.

The two representatives then collaborated with the Board working through a checklist to reach consensus on: confidentiality of candidate names; advertisement wording and advertising methods; the specific timeline for the search; community engagement activities leading to the

development of a New Superintendent Profile; dates for candidate interviews; and other key elements of the search process. Drs. Rossi and Zabilka noted that they had collaborated during the week since their selection with Dr. Martin and Mrs. Tramm to develop a draft schedule for the community engagement plan. Dr. Rossi and Dr. Zabilka began by discussing with the Board a fundamental decision regarding confidentiality of candidates during the search, and the expectation that names of individuals would be kept confidential until their selection. They reviewed how a confidential/stakeholder committee could be utilized to interview two finalists and provide written feedback to the Board prior to a final selection and noted that these stakeholders would be asked to sign non-disclosure agreements in order to participate. Following this discussion, the Board reached consensus that as it moves forward, the most important consideration is securing the strongest candidate pool and ultimately, the best person to lead District 64. It was further agreed that those involved in the search would be expected to hold candidate names confidential throughout the process. The Board then reached consensus on the wording for an announcement of the vacancy and agreed with the investment of approximately \$1,200 for national and local advertising recommended by Dr. Rossi and Dr. Zabilka to reach potential candidates across the nation and throughout Illinois to invite their applications.

Moving to community engagement, the Board then worked with the School Exec Connect representatives, Dr. Martin and Mrs. Tramm to review an extensive community engagement plan to develop a New Superintendent Profile. The Board reached consensus on the proposed wording of an online survey and to have School Exec Connect launch its survey as soon as possible and run through January 31. The plan also calls for School Exec Connect to conduct evening open forums for all community members on January 29 and 30, and to conduct several focus groups with D64 staff groups and students on those days. It was noted that School Exec Connect would meet with PTO/A Presidents on January 15 to take advantage of the group's already scheduled regular meeting. D64 also was authorized to spend up to \$400 to place Facebook ads to promote these opportunities, in addition to D64's other publicity efforts surrounding the survey and community forums.

Drs. Rossi and Zabilka then worked with Board members, Dr. Heinz, and Dr. Martin to establish a calendar, and reached consensus on the following:

- Cancel a planned February 4, 2019 Committee-of-the-Whole: Finance meeting by dispersing the topics to other meetings in January or later in February.
- Schedule a special meeting at 6:00 p.m. on February 11, 2019 so that School Exec Connect may present the New Superintendent Profile to the Board based on its findings from the online survey, focus groups, and open forums.

Add a closed session to the regular February 25, 2019 meeting so that School Exec
 Connect may present an initial slate of candidates to the Board and for the Board to select
 those to be interviewed

The Board then moved into the interview portion of the calendar, and reached consensus with School Exec Connect on the dates and structure of the interviews as follows:

- March 4 and 5 The Board will interview multiple candidates in closed session each evening to accommodate interviews at 5:30 p.m.- 6:30 p.m.; 6:50 p.m.- 7:50 p.m.; and 8:10 p.m.-9:10 p.m. The Board also agreed to remain longer each evening for discussion to reach consensus on which candidates should return as finalists and to consider the contract and financial package that it would be prepared to offer its final candidate for the superintendency.
- Reschedule the regular March 11 Board meeting to March 18.
- March 11 and 12 The Board agreed to interview up to two finalists, one each evening, in closed session. They also agreed to establish a Stakeholder/Confidential Committee to interview the final candidates, and share written feedback with the Board before the Board conducts its final interview, Drs. Zabilka and Rossi worked with the Board to reach consensus on a 16-person committee to represent: teachers, teacher assistants and support staff members; school PTO/A groups and the D64 Elementary Learning Foundation; District senior administration; school principals; parents, including one of a child with an IEP; and community members. School Exec Connect noted that more information on how to be considered for participation on this committee can be provided to the community in coming weeks so that the focus now is on participation in the online survey and community forums. The Board further agreed that candidates for election to the D64 Board of Education on April 2 will be observers only. All committee members and candidates would be asked to sign the non-disclosure agreement. The Board agreed on the following schedule with one candidate each day: 4:00 p.m. - 5:15 p.m. confidential/stakeholder committee interview; 5:30 p.m.-6:00 p.m. Board reviews written feedback from the confidential/stakeholder committee; 6:00 p.m.-6:20 p.m. candidate presentation to Board; 6:30 p.m.-7:15 p.m. Board dinner with candidate; 7:15-8:30 p.m. Board final questions/interview with candidate. School Exec Connect noted that the Board's decision making of its final choice could occur following the second interview on March 12, or an additional closed session could be scheduled.
- March 18 The rescheduled March 11 regular monthly meeting will be conducted. The
  Board agreed that if the selection process is completed and agreement has been reached
  on contract terms, an action item to approve a new Superintendent will be included at the
  open meeting and the superintendent will be introduced to the community.

Drs. Rossi and Zabilka thanked the Board for reaching consensus so expeditiously on the timeline and process of the search so that they can begin work immediately. They noted that they would be contacting Board members to conduct individual interviews either by phone or in person in coming weeks as part of the development of the New Superintendent Profile. They also noted that additional assistance would be provided to prepare the Board for interviewing candidates and contract discussions at an upcoming meeting.

#### ADJOURN TO CLOSED SESSION

At 8:09 p.m., it was moved by Board President Borrelli and seconded by Board member Ryles to adjourn to closed session, not to return to an open meeting, to discuss: the appointment, employment, compensation, discipline, performance, or dismissal of specific employees of the public body or legal counsel for the public body, including hearing testimony on a complaint lodged against an employee of the public body or against legal counsel for the public body to determine its validity. However, a meeting to consider an increase in compensation to a specific employee of a public body that is subject to the Local Government Wage Increase Transparency Act may not be closed and shall be open to the public and posted and held in accordance with this Act [5 ILCS 120/2(c)(1)].

#### MEMORANDUM OF INFORMATION

#006

2018-19

To: Board of Education

Dr. Laurie Heinz, Superintendent

From: Natasha Nedeljkovic, Administrative Assistant to the Superintendent

Date: February 4, 2019

Re: Organizational Meeting - April 29, 2019

State law and <u>Board Policy 2:210</u> require that the school board reorganize after each school board election by swearing in and seating new members, electing officers, and setting a time and place for regular meetings. The meeting must be held within 28 days following the consolidated election, but should not be held before the election authority has canvassed election returns and determined winners

For the April 2, 2019 election, the last day for the Cook County Clerk's Office to canvass election results and proclaim winners is April 23, 2019 at 5:00 p.m.

Therefore, it is recommended that the Board schedule its organizational meeting for Monday, April 29, 2019, which will fall within the 28-day timeline and ensure the canvass has been officially completed.

This schedule has been reviewed by the District's legal counsel Hodges, Loizzi.

To: District 64 Board of Education

Dr. Laurie Heinz, Superintendent

From: Dr. Lori Lopez, Assistant Superintendent for Student Learning

Re: Channels of Challenge - Eligibility Procedures Update

#### **Background**

In 2016, a Channels of Challenge Program Review Committee convened to evaluate and make recommendations for our Primary Challenge and Channels of Challenge Programs. These programs support high-achieving/high-ability students in the areas of reading and math. The committee was comprised of 4 parents, 3 administrators, and 19 certified staff members representative of various schools and roles. The recommended changes were shared with the Board of Education at the regular meeting on April 25, 2016 meeting.

In November 2018, the committee reconvened to update the eligibility process based on two years of implementation. Four recommendations were approved; an overview of these recommendations can be found below. A complete description of the Channels of Challenge eligibility process is posted to the District 64 website.

#### **November 2018: Eligibility Revisions**

- 1. **Philosophy**: The Channels of Challenge Program Philosophy Statement was edited to include the promotion of a growth mindset.
- 2. **3rd-7th Grade Eligibility**: To give us ample opportunity to address staffing and facilities, we will no longer consider the fall MAP score in the eligibility process. Students will be invited to take the CogAT test if their *winter or spring* MAP score is at or above the *92nd national percentile* (close to the 85th percentile locally). Using the national percentile creates clearer communication for all stakeholders.
- 3. **New Students**: To enable us to better plan for student schedules/teams, new students will be invited to take the fall MAP assessment before the start of the school year. Students scoring at or above the *92nd percentile nationally*, will be invited to take the CogAT. Students earning 10 or more points (using the current process) will be placed in Channels of Challenge provisionally if student records indicate previous positive performance.
- 4. **Second Grade Eligibility:** We are adding a minimum MAP score to reduce unnecessary WISC testing and introducing more flexibility into the second grade eligibility process for exceptional MAP scores.
  - a. District 64 will administer a WISC to students who score 120 or above on the CogAT if they have a MINIMUM MAP RIT at the 80th percentile nationally.
  - b. Students will be invited to take the WISC in District 64 if their CogAT Score is below 120 AND they have a winter or spring MAP score at the 95th percentile nationally.

# BOARD OF EDUCATION COMMUNITY CONSOLIDATED SCHOOL DISTRICT 64

Minutes of the Special Board of Education Meeting held at 6:00 p.m.

December 19, 2018

Carpenter School - LRC

300 N. Hamlin, Park Ridge, IL 60068

The meeting was called to order at 6:04 p.m. by Board member and committee co-chairperson Fred Sanchez. Also present were: District 64 Director of Student Services Lea Anne Frost; District 64 Assistant Director of Student Services Sue Waughon; Amy Brown; Barb Spiewak; Lynn Condon; Miki Tesija; and Kay Schneider. Board member and committee co-chairperson Larry Ryles and committee members Rick Van Roeyen, Kristin Davis, and Dr. Laurie Heinz were absent. In addition, five members of the public were present.

Committee co-chairperson Sanchez began the meeting by responding to a comment noted on Facebook which had indicated that the Board had fixed special education. He shared that there has certainly been a lot of steps to make improvements, but reiterated that Dr. Frost will continue to do more work in the special education department. Even when this committee disbands, Committee co-chairperson Sanchez shared that PT3 will continue to focus on work to make more improvements for special education.

#### **Board Update Report from November to December 2018**

Dr. Frost provided a summary of the board update report. She shared that there was an abundance of comments provided on the Special Education Needs Assessment, which will require time to code and analyze. Dr. Frost highlighted the recommendation for an additional part-time coordinator to relieve Ms. Waughon of her responsibilities at Roosevelt Elementary School. Committee co-chairperson Sanchez commented that the Board voted unanimously to approve this position. Dr. Frost provided updates on professional development opportunities for special education team members, specifically highlighting CPI. Committee member Schneider inquired about the process used to determine which team members get trained. Ms. Waughon shared that the goal is for all special education team members to be trained, including teacher assistants. Dr. Frost indicated that it is the goal to increase the number of trainers within the District for the next school year. Dr. Frost continued in her report noting the efforts in the key target areas of consistency and message of inclusion. Dr. Frost summarized updates on the four key target areas identified from the two prior audits. She noted that additional summaries were provided in the board report on the focus priorities from the audit findings. Committee Member Tesija asked for further explanation of the additional summaries and Dr. Frost provided the update that was presented at the December 10 Board meeting. Committee member Spiewak asked how it was determined which IEP meetings Dr. Frost and Ms. Waughon attend. Dr. Frost reported that it is not feasible for she and Ms. Waughon to attend all IEP meetings, so they are prioritized based upon the potential need for allocation of additional resources. Committee member Tesija asked for more explanation of the five curriculum pilot programs. Dr. Frost

reiterated that the curriculum programs are only pilots at this point. She reported that the special education team will begin to create a tiered system of curriculum options for students following winter break. Dr. Frost then highlighted future planning with a focus on the four key target areas. Ms. Tesija inquired about the expectation for delivery of the curriculum relative to disability awareness. Dr. Frost responded that it has not been discussed, and that implementation of the curriculum is optional. Committee member Tesija suggested that it may be helpful to have a kick off at the beginning of the school year that includes informing all students about their peers with all disabilities within each school.

#### Parents and Teachers Talking Together (PT3) Update

Ms. Waughon reported that the PT3 group met on December 11. She reported that a majority of the evening was spent as a work session for each priority group. The groups reviewed the previous recommendations and considered their appropriateness for continuation or for necessary changes. They also defined goals and activities for each of the recommendations. Each sub-group acknowledged that some of the work that was determined would not be at the direction of the committee but would fall to administration. The purpose of PT3 was also discussed by the full group which included continued and proactive advocacy for students and being a collaborative stakeholder group. The goal of this group is to continue the forward momentum to continuously improve our services.

A question was posed by Committee member Brown as to the purpose of the Special Education Board Committee. Committee co-chairperson Sanchez indicated that PT3 is doing a lot of the "heavy lifting" and this committee would be the group PT3 would come to as a liaison. He further indicated that once this committee was confident and comfortable of what PT3 defined as their work, this group would be the conduit to the Board for Board approval. He also indicated that the Special Education Board Committee would attempt to rebuild communication and trust. He noted the progress made within the department thus far but wants to hear from PT3 that the progress is being done and made. Committee member Tesija asked if PT3 would come to the Special Education Board Committee to discuss their work. Committee co-chairperson Sanchez shared there is a lot of flexibility in ways this committee can be updated on the work of PT3. Dr. Frost commented that the sub-groups are very collaborative, so there has not been any defined chairs or leaders. Committee member Brown shared that there is a sense of duplicated efforts between this committee and PT3. She asked if this committee is worth committee members' time and if the committee should halt work to avoid duplication. She commented most of the agenda for this evening had been discussed at last week's Board meeting. Committee co-chairperson Sanchez shared that duplicated efforts are certainly a concern, but felt there is still some value for this committee to continue meeting. Committee member Tesija shared concern about the point of this committee given the detailed board reports provided by Dr. Frost each month. Dr. Frost clarified that PT3 is not expecting this committee to evaluate their recommendations, but rather review them and offer additional suggestions.

Committee member Tesija inquired about the continuum of services offered in the District given that was an area of concern identified in the audit reports. Dr. Frost acknowledged there was a lot of duplication between the two audit reports, so items were combined when determining the 11 audit findings. Dr. Frost reported that there needed to be prioritization of action steps to address the audit findings. She shared that there will be completion of all action steps, but we need to ensure we focus on those that are most important for students first to ensure they are done well.

#### Discussion of PTA/O and Sped Parent Liaisons

Committee member Tesija reported that the PTO/A is attempting to identify parents within each building as a special education representative to the PTO/A. The goal is to have a similar structure in each of the buildings as those currently defined at Washington and Roosevelt schools. Committee members Tesija, Brown, and Spiewak indicated that parents wanted to take the lead on this aspect and decided to do it on their own. Committee member Condon asked that there be diversity within the group, so it is not always representation of parents of students with the most intense needs. There was discussion of tapping into the D64 Facebook page and not just the D64 special education parents Facebook page.

#### **Facilitated IEP Training Registration**

Dr. Frost informed committee members about the registration form to complete with their interest to attend the training. They can also contact the department secretary Stephanie Rosales to get registered.

#### **Scheduling of Upcoming Meeting**

Upon discussion, the committee agreed to meet after the planned February 26 PT3 meeting. Committee co-chairperson Sanchez indicated that we would meet before spring break.

#### **Exploration of Possible Field Day for Families of Special Education Students**

Committee co-chairperson Sanchez recommended we wait to discuss this topic until Committee co-chairperson Ryles is present. Committee member Condon indicated that she would like to know the purpose of having a separate field day when students are included in each building's field day.

Committee member Tesija brought up a discussion from the last meeting about trainings provided for teacher assistants. Dr. Frost confirmed that this is being discussed with administrators, but did not yet have data to share at tonight's meeting.

#### **Public Comments**

No public comments were made.

#### Adjournment

The meeting was adjourned by general consent at 7:02 p.m.
